## WELCOME

Below you will find the price list and the various options and possibilities.

The prices are based on a group of 6 or more people and include tax.

We take everything with us plates, glasses, cutlery, pots, pans and staff if necessary.

On location we only need, electricity, an oven and a stove. If there is no oven we can bring one.

After dinner we leave the kitchen tidy again.

If there are not enough tables and chairs available, we can rent them separately.

A luxury restaurant experience but on location!

If there are special wishes or requests please let us know,  
everything is possible!
